6. Select an option under the recurrence pattern column  
e.g. If you wanted the area booked every day for the same period or if you want to book

for the whole day, multiple days in a row, select 'Daily Recurrence'

The screenshot shows a booking form with a 'Summary' tab on the left and a 'Recurrence' tab on the right. The 'Summary' tab contains fields for 'Start Date' (23/10/2023), 'Start Timeslot' (Before School), and 'End Timeslot' (Period 6), with a 'Confirm Booking' button. The 'Recurrence' tab has a 'Recurrence pattern' section with radio buttons for 'No Recurrence', 'Daily Recurrence' (selected), 'Weekly Recurrence', 'Monthly Recurrence', 'Yearly Recurrence', and 'Timetable Recurrence'. To the right of these are options for 'Every 1 day(s)' (selected) and 'Every weekday'. Below this is a 'Range of recurrence' section with 'Starting 23/10/2023', 'End after 1 occurrences' (selected), and 'End by 23/10/2023'. At the bottom are 'Check Recurrence' and '<- Please click on Check Recurrence' buttons. A red box highlights the 'Daily Recurrence' option and the 'Every 1 day(s)' option.

7. Select every weekday if booking for an extended period. If you are booking for four days in a row, select the 'every (blank) day(s)' and put in the number four

This screenshot is similar to the previous one, but the 'Every weekday' option under the 'Recurrence pattern' section is selected and highlighted with a red box. The 'End after 1 occurrences' option is also selected in the 'Range of recurrence' section.

8. If you are booking for an extend period (e.g., for three weeks), select the end date, if you are booking a certain number of days in a row, change the number in the 'End after (blank) occurrence' section

This screenshot shows the 'End by' option selected in the 'Range of recurrence' section, with the date '14/11/2023' entered in the adjacent field. This option is highlighted with a red box. The 'Every weekday' option remains selected in the 'Recurrence pattern' section.

9. Click on the 'Check Recurrence' button
