

Adding the Staff Calendar

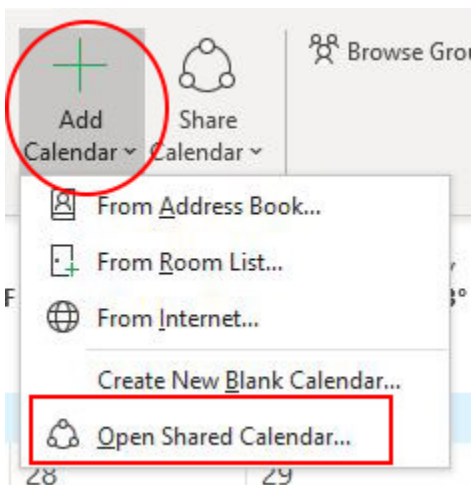

- [Desktop Application](#)
- [Web App](#)

Desktop Application

In the bottom left hand corner click the Calendar icon

From the Ribbon menu under the Home tab, at the top of the screen click Add Calendar, then Open Shared Calendar

Enter Staff Calendar into the Name Box and click OK

You should now see Staff Calendar under your Shared Calendars on the left-hand side.

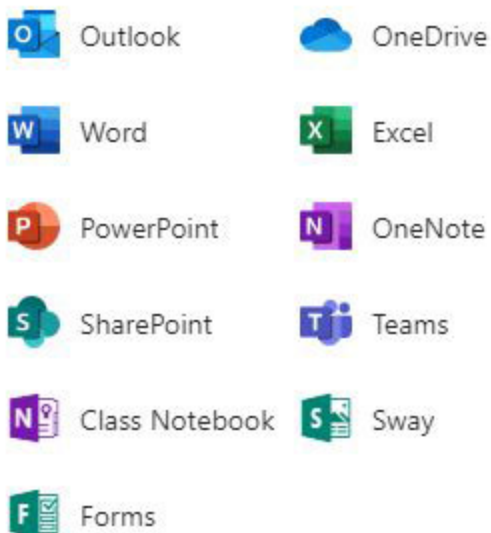

Web App

On the Office 365 portal click on the waffle icon on the top left and corner

Click All Apps

Apps

All apps →

Select Calendar
